**Dear Mr. Gannon,**

**It is with great pleasure that I write this letter of recommendation for you and your craftsmen. Your work with me in my interior design practice has always stressed quality, professionalism, and, importantly, value.**

**Our working relationship of 20 years has allowed me to count on you as my resource for fine interior and exterior finish painting, painted finishes, restoration, and wallpaper installation. In future, I intend to continue to rely on you as my sole provider of these services.**

**Sincerely,**

**Robert Payne Newton
